About Bailey

Founded in 1950 by Sam Bailey, The Bailey Group of Companies (BGC) is a family-owned and operated Canadian company recognized as an industry leader. With manufacturing locations in Ontario, Quebec, Alberta, and British Columbia, the BGC has grown tremendously over the past 70+ years, producing roll-formed products and providing steel slitting services for the commercial and residential construction industry. Our people, products, and industry are our pride while innovation and our customers are at the core of our business. Our associates are the key to achieving our vision of being the leaders in this industry, which is why we work hard to create a safe and healthy work environment where associates can achieve growth and development. Apply now, for this exciting opportunity!

Why Join Our Team?

- Market competitive remuneration package
- Employer-paid comprehensive benefit package
- RRSP matching program
- Education support program
- On-the-job training
- Employee referral program
- Personal protective equipment allowance

Position Summary

The main purpose is to operate, adjust and set up assigned mill lines independently while meeting production, quality, and safety requirements.

What you'll do:

- Load steel and paper coil onto uncoilers using a crane
- Tighten the uncoiler and cut straps on the coil
- Activate machine using the control panel by selecting the order type
- Set up and adjust rolls and conduct quality inspection checks
- Gather products, strap into bundles, place bundles onto wagon, and apply product identification
- Operate a crane and forklift

What you'll need:

- Forklift and Overhead crane experience is preferred
- Working knowledge of hand tools such as tin snips, tape measures, and calipers
- Good verbal communication skills in French and English
- Willingness to learn
- Ability to work independently

Working Conditions:

- Ability to work in a fast paced-paced team environment
- Ability to lift products weighing up to 50 pounds
- Able to work shift work
- Meet all safety policies and procedures
