**Shift Time:** Mondays-Fridays, 6:00am-2:30pm

### About Bailey

Founded in 1950 by Sam Bailey, The Bailey Group of Companies (BGC) is a family owned and operated Canadian company recognized as an industry leader. With manufacturing locations in Ontario, Quebec, Alberta, and British Columbia, the BGC has grown tremendously over the past 70+ years, producing roll-formed products and providing steel slitting services for the commercial and residential construction industry. Our people, products and industry are our pride while innovation and our customers are at the core of our business. Our associates are the key to achieving our vision of being the leaders in this industry, which is why we work hard to create a safe and healthy work environment where associates can achieve growth and development. Apply now, for this exciting opportunity!

### Why Join Our Team?

- Market competitive remuneration package
- Employer paid comprehensive benefit package
- RRSP matching program
- Education support program
- On the job training
- Employee referral program
- Personal protective equipment allowance

### Position Summary

The Machine Operator's main responsibility is to operate, adjust and set up assigned mill lines independently while meeting production, quality, and safety requirements.

### What you'll do:

- Safely load steel coil onto uncoilers using an overhead crane
- Tighten uncoiler and cut straps on the coil
- Guide the steel into processing areas (rolls) using jogging controls
- Activate machine using control panel by selecting the order type, and clear any jam-ups
- Complete all required quality documents, report issues as required
- Set up or adjust rolls and conduct quality inspection
- Gather products, strap into bundles, and apply product identification
- Prepare all required production and safety related reports and forward to the supervisor

### What you'll need:

- 1-2 years of experience working in a manufacturing environment is preferred
- Ability to properly use measuring equipment/tools such as tape measures (imperial & metric), calipers etc.
- Ability to effectively communicate both verbally and written in English
- Willingness to learn and be trained
- Ability to work independently and as a team player to meet deadlines (Production requirements)

### Working Conditions:

- Able to work in a fast-paced and team-oriented plant environment
- Able to perform tasks in a multi-temperature environment/conditions
- Able to lift products weighing up to 50 lbs.
- Able to adhere to all safety policies
