

END-TO-END

SOLUTIONS

FOR LIGHT AND SUSTAINABLE
CONSTRUCTION

EXPERTISE THAT
SOLVES
COMPLEX CHALLENGES

SYSTEMS THAT
SUPPORT
BUILDING NEEDS

Saint-Gobain is the worldwide leader in end-to-end solutions for light and sustainable construction, delivering integrated building systems engineered for lasting performance and sustainable comfort. We bring centuries of experience and unmatched scale to every project, partnering with construction teams to build healthcare facilities that perform today and adapt for tomorrow.

Scale You Can Rely On

Saint-Gobain operates across 80 locations nationwide with over 4,000 employees. We provide integrated, code-compliant solutions backed by a coast-to-coast technical services network working with architects and contractors to keep projects on schedule, and meet demanding standards with confidence.

Performance You Can Specify

With a vast portfolio of proven solutions from a family of trusted brands, we deliver high-performance building systems engineered to support acoustics, occupant well-being, fire safety, durability, sustainability, and faster construction.

Science You Can Build On

Our expert building science teams help to predict, model, and optimize system performance from the earliest stages of design, so you can anticipate and solve complex challenges before they become problems.

OUR TRUSTED CANADIAN BRANDS

OUR BRANDS

Focused on the light and sustainable construction, industrial and mobility markets, Saint-Gobain ADFORS offers glass fiber materials and a complete range of textiles and coating technologies. BUILDING WITH PURPOSE

Your commercial construction project is so much more than the sum of its individual parts. It's more than a collection of products.

You aren't just building a space, a facility or a property. You're building a structure with a purpose: a hospital, a student center, an office park or a luxury apartment complex.

And when that project is complete, it will be filled with people. Doctors, nurses, patients, students, teachers, staff, business managers, colleagues, associates, interns, mothers, fathers, sisters and brothers fill the finished space.
